OUR STORY

A Quiet Pursuit of *Beautiful Things*

At Sachi Designs, we believe a piece of fine jewellery is more than an ornament — it is a quiet witness to a life. A first celebration. A daughter's wedding. A promise kept, a milestone marked, a morning you choose to feel a little more yourself.

The name Sachi, drawn from the Sanskrit for truth, guides every choice we make. We source responsibly, set every stone by hand, and believe restraint is the highest form of luxury. Each design begins as a sketch and ends in the hands of artisans who have spent decades learning how light behaves.

What follows is a selection of our most loved silhouettes — necklaces, earrings, bracelets and rings, crafted to be worn, layered, and lived in. We hope something in these pages finds its way to someone you love.

With care,
